

Kay Carl Elementary School

5625 Corbett Street, Las Vegas, NV 89130

kaycarl.net T: 702-799-6650

What you can do to help build the habit of good attendance:

- Set a regular bedtime and morning routine.
- Lay out clothes and pack backpacks the night before.
- Keep your child healthy and make sure your child has the required shots.
- Develop backup plans for getting to school if something comes up. Call on a family member, a neighbor, or another parent.
- Try to schedule non-illness related medical appointments and extended trips when school isn't in session.
- If your child must stay home due to illness or quarantine, ask the teacher for resources and ideas to continue learning at home.

Preschool Perk

This month we will be focusing on fall weather changes, things we love about our family, kindness and turkeys. We have some fun Thanksgiving crafts and activities planned as well. Students going to Kindergarten next year have begun to trace their first name. We'd like to wish everyone a safe and Happy Thanksgiving.

Harris' Hear Tell

Welcome back for another round-up of Wild West news from room 2B! Since we last talked, we enjoyed studying about the different kinds of apples. We had a week of taste testing a variety of apples, dipping them, making them into applesauce, drinking apple juice, and of course, enjoying some all American, Wild West, baked apple pie (ice cream included)!

Upcoming Events

November 4-8

College & Career Week

November 5

NO SCHOOL: Staff
Development Day

Raising Cane's 4-10 PM

November 6

November 12

SOT Meeting 3:45 PM in Art
Room

November 22 & 23

Glittering Lights 5-10 PM

December 6

Kid Zone 6-9 PM

Highlights in this Issue

PBIS Partners	2
First Grade Fandango	3
Kindergarten Keepers	4

We had a successful week of conferencing with all of you and being able to get a glimpse into our student's home life. Thank you. It was great!

This month we continue to work on the goals set forth for each of our wranglers as well as learn about fall and of course, PUMPKINS! Until next time...

PBIS Partners

We are thrilled to spotlight our exceptional Champions, who have been named Student of the Month Super Citizens for September. This recognition is not only a testament to the hard work, dedication, and positive impact these students have made within our school community, but it also highlights the support and encouragement from those around them.

In addition to celebrating our Student of the Month, we want to extend a special thank you to Dentistry for Families and Dr. Zac Soard, our Student of the Month sponsor. Their generous support plays a vital role in making this recognition possible. Partnerships like these enrich our community and provide meaningful opportunities for our students.

Let's continue to support and uplift our students, recognizing the achievements and contributions that make our community more robust and vibrant. Congratulations again to our September Champions of the Month, and a heartfelt thank you to Dentistry for Families and Dr. Zac Soard for their sponsorship and dedication to KCES excellence.

News You Can Use

Glittering Lights

Join us for a magical evening under the shimmering lights of Glittering Lights at the Las Vegas Motor Speedway, and help us raise funds for our school!

November 22 & 23, 2024 from 5-10 p.m.

What Awaits You:

1. See your teachers and students
2. Dazzling holiday light displays
3. Joyful festive atmosphere
4. Delicious treats and warm beverages
5. Exciting activities for the whole family

Scan the QR code to purchase your carload tickets. \$5 from every tickets will be donated to KCES to be used for academic, behavior, and/or attendance incentives.

First Grade Fandango

Thank you families for meeting with your child's teacher for parent teacher conferences. First Grade is wrapping up addition and will be starting subtracting within 20. In November we'll be switching our focus from amazing animals to learning about getting along with others in reading. Students are working on learning the writing process with planning, writing, revising, editing, and sharing their writing with classmates.

ECSE Express

Autumn Leaves are Falling Down! What a great time of year to start the Tree Study. Students will learn parts of a tree, what trees need to live, who lives in the trees and why their leaves are changing colors and falling off. Fun fall crafts and activities are ready to go.

KIDS Corral

In the KIDS program, we are working on letter sounds. We know our letters, uppercase and lowercase, and we are connecting sounds to them now! We are also learning about Fall and Halloween. Our coloring, writing, and fine motor skills are increasing with all the crafts we are doing! We all know numbers 0-5, and are so close to all of us knowing 5-10. We are getting so good at having a hug and bubble in the hallways, along with walking in a line. We are loving learning!

Sports Stampede

Flag Football: Flag Football is approaching playoff time and it looks like our freshman and JV teams will make the playoffs. Good Luck to all of our teams as they get prepared to make a run to the championship.

Soccer: We are half way through our JM Soccer Academy program, which has been a huge success. A lot of our students have gotten really good at training and we plan to make a solid appearance this year during our soccer season.

PE Posse

Physical Education has just finished learning about playground games and are now in the process of learning the different ways to jump

Thank You

Thank you for making our Fall Harvest Festival such a success. We truly enjoyed seeing all of your smiling faces, great costumes, and catching up with former students and families. Mr. Swann was in his funnel cake element, the games were such fun, and craft fair had lots of wonderful treasures. Special shout out to the Sorenson family for the yummy food and to Shadow Ridge ROTC for running the carnival games. Thank you for choosing to celebrate our annual Fall Harvest Festival with us!

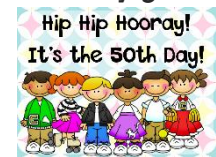

With your support, we raised \$313.80 during the Panda Express dinner night. These funds will be used for student specific engagement and rewards such as monthly recognition for character and attendance, as well as awards luncheons, family events, Score Store, campus beautification, and student incentives.

rope. Students are also learned about strangers and Halloween safety so they would be safe Halloween night. PE will continue to look for ideas to keep our students motivated to work out and stay “KAY CARL INVOLVED.”

Kindergarten Keepers

We have been very busy in Kindergarten! We had a great field trip to the Smith Center. We sang and danced our way through North, Central, and South America. We learned spanish words, sign language, and the teachers even got to dance on stage with 1,2,3 Andres! We enjoyed our dress up days during respect week and talked about how to show respect to self, others, and property. The Fall Festival was a big favorite with carnival games, a haunted house, food, and costumes. Ms. Lewis won the grade level challenge with the most cake mix and frosting donated! The Cake Walk was a huge success with many repeat winners taking home armfuls of cake and frosting. We also celebrated our 50th day of school! We worked hard each day growing our brains, and deserved a fun day in the fifties!

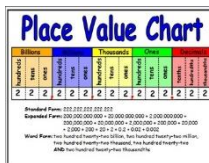

There were poodle skirts, pink ladies, and lots of dapper gentlemen! The favorite parts were the root beer floats and bubble gum blowing contest! To finish up the month we learned about Nevada Day, and got to wear our favorite costumes for Halloween!

Second Grade Shindig

Our second graders have had a busy first couple of months.

We have been introducing the writing process to our second graders and teaching them how to edit sentences and find mistakes with spelling, capitalization, punctuation, spacing, etc. We have been impressed with how well our students have been able to identify all of those mistakes in sentences and look forward to seeing if they can identify them in their own writing.

Our students have been working on context clues in reading as well as connecting the illustrations to the text. In phonics we have been learning beginning and ending blends. We have also been learning how to identify nouns and verbs in sentences along with making singular nouns into plural nouns. In math we are learning place value and being able to identify our ones, tens, and hundreds in any given number.

More Celebrations

Congratulations to our first quarter AR Champions. These student met or exceeded their AR goal and were recognized by participating in a special bookmark activity. Fifteen students also won tickets to see the Blue Man Group!
